

Product Name: CEFICOOL-200 TAB

Composition: Cefixime 200 mg

General Information

CEFICOOL-200 TAB contains Cefixime, a third-generation cephalosporin antibiotic. It is used to treat a wide range of bacterial infections by inhibiting the growth of bacteria. This medication is particularly effective against gram-positive and gram-negative bacteria, ensuring comprehensive bacterial control.

Class of Drug

- Third-generation cephalosporin antibiotic.

Indications and Uses

CEFICOOL-200 TAB is prescribed for the treatment of bacterial infections, including:

- Respiratory tract infections.
- Urinary tract infections (UTIs).

- Skin and soft tissue infections.
 - Typhoid fever.
 - Otitis media (ear infections).
-

Common and Less Common Side Effects

- **Common Side Effects:** Nausea, diarrhea, stomach pain, headache.
- **Less Common Side Effects:** Rash, itching, dizziness, and hypersensitivity reactions.

If side effects persist or worsen, contact your doctor immediately.

Doses and Administration

- **Dosage:** As prescribed by your doctor, usually taken once or twice daily with or without food.
 - **Administration:** Swallow the tablet whole with water. Avoid crushing or chewing the tablet.
-

Warnings and Precautions

- Use with caution in patients with a history of kidney disease or gastrointestinal disorders.
 - Avoid alcohol consumption during the course of treatment.
 - Pregnant and breastfeeding women should consult a doctor before use.
 - Do not skip doses or stop the medication prematurely to avoid resistance.
-

Drug Interactions

- May interact with anticoagulants (e.g., warfarin), antacids containing aluminum or magnesium, and live bacterial vaccines. Inform your doctor of all medications you are taking.
-

Contraindications

- Hypersensitivity to Cefixime, cephalosporins, or penicillin.
 - Severe allergic reactions to antibiotics.
-

Do's and Don'ts

- **Do:** Complete the full course as prescribed. Store in a cool, dry place.
 - **Don't:** Share the medication with others or take it for non-bacterial infections like colds or flu.
-

Before Taking CEFICOOL-200 TAB

Inform your doctor if you have:

- Allergies to antibiotics.
 - Kidney or liver problems.
 - A history of gastrointestinal issues, especially colitis.
-
