

CLAV-AMO-1.2 MG INJ

Composition:

Each vial of **CLAV-AMO-1.2 MG INJ** contains Amoxicillin + Clavulanate Potassium 1.2 gm.

General Information:

CLAV-AMO-1.2 MG INJ is a broad-spectrum antibiotic that belongs to the penicillin class of drugs. Amoxicillin inhibits bacterial cell wall synthesis, effectively killing bacteria, while Clavulanate Potassium prevents bacterial resistance by inhibiting beta-lactamase enzymes. This powerful combination enhances efficacy against a wide range of bacterial infections.

Indications and Uses:

This injection is prescribed for the treatment of serious bacterial infections, including:

- Respiratory tract infections
- Skin and soft tissue infections
- Bone and joint infections
- Abdominal infections
- Urinary tract infections
- Gynecological infections

Common and Less Common Side Effects:

- **Common Side Effects:** Nausea, vomiting, diarrhea, and injection site pain or swelling.

- **Less Common Side Effects:** Allergic reactions (rash, itching), dizziness, or headache.

Doses and Administration:

Administered as an intravenous injection or infusion under the supervision of a healthcare professional. Dosage depends on the severity of the infection, patient's age, weight, and kidney function.

Warnings and Precautions:

- Monitor for allergic reactions, particularly in patients with a penicillin allergy.
- Use cautiously in patients with liver or kidney impairment.
- Do not exceed the prescribed dosage.

Drug Interactions:

CLAV-AMO-1.2 MG INJ may interact with the following:

- Blood thinners (e.g., warfarin)
- Methotrexate
- Other antibiotics or medications altering kidney function

Contraindications:

- Hypersensitivity to penicillin or cephalosporin antibiotics.
- Patients with a history of severe allergic reactions.

Dos and Don'ts:

- **Do:** Follow your doctor's instructions carefully. Complete the full course of the medication.
- **Don't:** Stop using the medication prematurely or share it with others.

Before Taking This Medicine:

Inform your doctor if you:

- Have any known allergies to antibiotics.
- Are pregnant, planning pregnancy, or breastfeeding.
- Have kidney or liver conditions.

Quality Assurance:

CLAV-AMO-1.2 MG INJ is a quality product from **Econ Healthcare Pvt Ltd**.
