### Product Information: ECOTOR GOLD-10 CAP

**Composition:** Each capsule of **ECOTOR GOLD-10** contains:

- **Atorvastatin** 10 mg
- **Clopidogrel** 75 mg
- **Aspirin** 75 mg

**General Information:** ECOTOR GOLD-10 is a combination of three active ingredients: Atorvastatin, Clopidogrel, and Aspirin. This combination works synergistically to help reduce the risk of heart attack, stroke, and other cardiovascular events. **Atorvastatin** is a statin that lowers cholesterol levels, **Clopidogrel** is an antiplatelet agent that prevents blood clots, and **Aspirin** is a nonsteroidal anti-inflammatory drug (NSAID) that reduces inflammation and blood clotting. The combination is especially useful for patients who are at high risk of cardiovascular issues.

#### Class:

- **Atorvastatin:** Statin (HMG-CoA reductase inhibitor)
- **Clopidogrel:** Antiplatelet agent
- **Aspirin:** NSAID (nonsteroidal anti-inflammatory drug)

**Indications and Uses:** ECOTOR GOLD-10 is indicated for:

- Prevention of heart attacks, strokes, and other cardiovascular events.

- Reducing the risk of blood clots in patients with heart disease, diabetes, or high cholesterol.
- As part of a treatment regimen for reducing cholesterol levels in the blood.

**Common Side Effects:**

- Headache
- Dizziness
- Nausea
- Abdominal pain
- Diarrhea
- Increased liver enzymes (indicating possible liver issues)

**Less Common Side Effects:**

- Allergic reactions (rash, itching)
- Shortness of breath
- Swelling of the legs or feet
- Dark urine or yellowing of the skin or eyes (indicating liver problems)

**Doses and Administration:** ECOTOR GOLD-10 should be taken as prescribed by your healthcare provider. The usual recommended dose is one capsule daily, preferably with a meal. Swallow the capsule whole with a full glass of water. Do not chew or crush the capsule.

**Warnings and Precautions:**

- **Liver and Kidney Function:** Monitor liver and kidney function regularly as both can be affected by these medications.
- **Bleeding Risk:** Clopidogrel increases the risk of bleeding. Avoid injury, and report any unusual bleeding or bruising to your doctor.
- **Allergic Reactions:** If you experience severe allergic reactions, such as swelling of the face, lips, or throat, seek immediate medical attention.
- **Pregnancy and Breastfeeding:** Not recommended for use during pregnancy or breastfeeding unless absolutely necessary. Consult your doctor before use.

**Drug Interactions:**

- **Antacids** may reduce the absorption of Atorvastatin.
- **Warfarin** (blood thinner) may increase the risk of bleeding when combined with Clopidogrel.
- Other medications such as certain antifungals, HIV medications, and antibiotics may interact with Atorvastatin.

**Contraindications:**

- Hypersensitivity to any of the ingredients (Atorvastatin, Clopidogrel, Aspirin).

- Active bleeding or a history of gastrointestinal bleeding.
- Severe liver or kidney disease.
- Pregnancy and breastfeeding.

**Dos and Don'ts:**

- **Do** follow the prescribed dose strictly.
- **Do** inform your doctor if you are taking any other medications.
- **Don't** exceed the prescribed dose.
- **Don't** stop the medication without consulting your doctor, as it may increase the risk of a cardiovascular event.

**Before Taking ECOTOR GOLD-10:**

- Inform your doctor about any existing health conditions, including liver disease, kidney disease, bleeding disorders, or allergies to medications.
- Provide a full list of all medications you are currently taking, including over-the-counter drugs and herbal supplements.

**Quality Assurance:** ECOTOR GOLD-10 is a **high-quality product from Econ Healthcare Pvt Ltd**, ensuring you receive effective and reliable treatment.
