Brand Name: ECOTRIL 0.5 TAB

Active Ingredient: Clonazepam 0.5 mg

General Information:

ECOTRIL 0.5 TAB contains **Clonazepam**, a medication that belongs to the **benzodiazepine class** of drugs. It is primarily used to treat **seizures (epilepsy)**, **panic disorders**, and **anxiety**. Clonazepam works by enhancing the effects of a natural chemical in the body (GABA) to calm the brain and nerves.

Indications and Uses:

- Treatment of **seizure disorders** such as epilepsy
- Management of **panic disorders**
- Alleviation of **anxiety symptoms**
- Short-term treatment of **insomnia**

Common Side Effects:

- Drowsiness
- Dizziness
- Fatigue
- Coordination problems

- Memory problems
- Difficulty concentrating

Less Common Side Effects:

- Respiratory depression
- Depression
- Mood swings
- Confusion
- Skin rashes

Dosage and Administration:

- Take **ECOTRIL 0.5 TAB** as prescribed by your doctor.
- The dosage varies depending on your condition and response to treatment.
- Typically, the starting dose for **seizure disorders** is 0.5 mg to 1 mg, taken once or twice a day. The dose may be adjusted by the doctor over time.
- For **panic disorders**, starting doses are usually lower and then gradually increased.
- It is important to follow the prescribed dosage and not change the dose without consulting your doctor.

Warnings and Precautions:

- **Avoid alcohol** while taking Clonazepam as it can enhance the sedative effects and may cause dangerous side effects.
- **Not recommended during pregnancy** as it may harm the unborn baby.
- **May cause drowsiness and dizziness**, so avoid driving or operating heavy machinery until you know how this medication affects you.
- **Long-term use** may lead to dependence; do not stop abruptly without medical guidance.
- **Use caution** if you have a history of depression, liver disease, or substance abuse.

Drug Interactions:

- **Alcohol:** Can increase sedation and risk of overdose.
- **Other sedatives or antidepressants:** May enhance sedative effects.
- **Cimetidine:** Can increase Clonazepam blood levels.
- **Rifampin:** May decrease Clonazepam effectiveness.

Contraindications:

- Allergy to Clonazepam or other benzodiazepines
- Severe liver impairment

- Acute narrow-angle glaucoma
- Pregnancy and breastfeeding (unless advised by a doctor)

Do's and Don'ts:

- **Do** take the medication exactly as prescribed by your doctor.
- **Do** notify your doctor if you have any history of drug or alcohol abuse.
- **Do** inform your doctor if you are pregnant, planning to become pregnant, or are breastfeeding.
- **Don't** stop taking this medication suddenly without consulting your doctor.
- **Don't** take more than the prescribed dose.

Before Taking:

- Make sure to inform your doctor about your full medical history, especially if you have **liver disease, kidney disease, glaucoma**, or a history of **drug abuse**.
- **Pregnancy:** Inform your doctor if you are pregnant or planning to become pregnant as this medication may harm the fetus.

Product Quality:

ECOTRIL 0.5 TAB is a **high-quality product from Econ Healthcare Pvt Ltd**, manufactured with the highest safety standards to ensure effectiveness and reliability for patients.
