**Brand Name:** ECOVOG-M 0.2 TAB

**Composition:** Voglibose 0.2 mg + Metformin 500 mg SR

**Manufactured By:** Econ Healthcare Pvt Ltd

**General Information:** ECOVOG-M 0.2 TAB is a combination medication used to manage type 2 diabetes mellitus. This tablet contains two active ingredients: Voglibose and Metformin. Voglibose helps in controlling blood sugar levels by inhibiting the absorption of carbohydrates in the intestine, while Metformin improves the body's sensitivity to insulin and decreases glucose production in the liver.

#### Class of Drug:

- **Voglibose:** Alpha-glucosidase inhibitor
- **Metformin:** Biguanide

#### Indications and Uses:

- Type 2 Diabetes Mellitus, particularly in patients who are unable to control their blood sugar levels with diet and exercise alone.
- Helps in maintaining healthy blood glucose levels, reducing the risk of complications associated with diabetes.

**Common Side Effects:**

- Nausea
- Diarrhea
- Abdominal discomfort
- Reduced appetite

**Less Common Side Effects:**

- Hypoglycemia (low blood sugar)
- Dizziness or headache
- Skin rashes

If any side effect persists or worsens, consult your doctor immediately.

---

**Dosage and Administration:**

- **Recommended Dose:** ECOVOG-M 0.2 TAB should be taken as prescribed by your doctor, typically once or twice a day with food to minimize gastrointestinal discomfort.
  - **Method of Administration:** Swallow the tablet whole with water, do not chew or crush it.
- 

**Warnings and Precautions:**

- Do not take ECOVOG-M 0.2 TAB if you have a history of kidney or liver disease, heart problems, or severe infections.
  - Monitor blood sugar levels regularly, especially when starting the medication.
  - Inform your doctor about all other medications you are taking, as they may interact with this medication.
  - If you experience symptoms of hypoglycemia (e.g., shakiness, sweating, confusion), consume a source of glucose immediately.
- 

**Drug Interactions:**

- ECOVOG-M 0.2 TAB may interact with other diabetes medications, blood pressure medications, and certain antifungal or antiviral drugs. Always inform your healthcare provider of all medicines you are currently taking.
- 

**Contraindications:**

- Contraindicated in patients with severe kidney impairment, liver disease, or metabolic acidosis.

- Not recommended for individuals allergic to any of the components of the medication.
- 

**Dos and Don'ts:**

- **Do:** Follow your doctor's instructions regarding dosage and administration.
  - **Do:** Maintain a balanced diet and exercise regularly.
  - **Don't:** Change your dosage without consulting your healthcare provider.
  - **Don't:** Consume alcohol excessively while on this medication, as it may increase the risk of hypoglycemia.
- 

**Before Taking ECOVOG-M 0.2 TAB:**

- Inform your doctor if you have any pre-existing medical conditions, including kidney or liver disease, heart problems, or a history of alcohol use disorder.
  - Always check with your doctor before starting any new medications or supplements.
  - Pregnant and breastfeeding women should consult their doctor before using this medication.
- 

**Quality Assurance:** ECOVOG-M 0.2 TAB is a quality product from **Econ Healthcare Pvt Ltd**, known for its commitment to providing effective and reliable pharmaceutical solutions.
