Brand Name: GLUTALOG TAB

Composition: Each tablet contains Alphaketo Analogue (as prescribed by the doctor).

General Information:

GLUTALOG TAB is a specialized medication used to treat various metabolic disorders, including conditions associated with kidney disease and diabetes. The active ingredient, Alphaketo Analogue, works by helping to maintain the balance of amino acids in the body, particularly in those with kidney impairment or metabolic conditions. It aids in managing protein metabolism and supporting overall bodily functions.

Class:

Alphaketo Analogue belongs to the class of medications known as amino acid analogs.

Indications and Uses:

GLUTALOG TAB is indicated for use in patients with kidney diseases, diabetes, and other metabolic disorders where protein metabolism is impaired. It helps manage blood sugar levels and supports kidney function.

Common Side Effects:

- Nausea
- Vomiting
- Stomach discomfort
- Headache
- Diarrhea

Less Common Side Effects:

- Dizziness
- Fatigue
- Rash
- Muscle pain or weakness

Doses and Administration:

GLUTALOG TAB should be taken as prescribed by your doctor. The typical dosage is one tablet daily, but this may vary depending on your condition. It is recommended to take the tablet with food to reduce any gastrointestinal discomfort.

Warnings and Precautions:

- Do not take GLUTALOG TAB without consulting your doctor, especially if you have a history of kidney disease or other metabolic disorders.
- Monitor kidney function regularly while on this medication.
- Avoid taking this drug if you are allergic to Alphaketo Analogue or any of the ingredients in the tablet.

Drug Interactions:

- Inform your doctor of any other medications you are taking, especially those for kidney disease or diabetes.
- Avoid taking GLUTALOG TAB with any other amino acid analogs unless directed by your doctor.

Contraindications:

- Hypersensitivity to Alphaketo Analogue or any of the components of the tablet.
- Severe kidney impairment.
- Pregnancy and breastfeeding unless advised by your doctor.

Dos and Don'ts:

- **Do** take the medication as prescribed by your doctor.
- **Do** follow dietary recommendations to ensure the best results.
- **Don't** alter the prescribed dosage without consulting your healthcare provider.
- **Don't** take this product with other medications that could interfere with its effects unless prescribed.

Before Taking GLUTALOG TAB:

Before starting GLUTALOG TAB, inform your doctor if you have any allergies, are pregnant or breastfeeding, or have any kidney issues. It is crucial to disclose all medications and supplements you are currently taking to avoid potential interactions.

Disclaimer:

This is general information about the product. Always follow the guidance of your healthcare provider. Never alter your prescribed doses without consulting your doctor.

Quality Assurance:

GLUTALOG TAB is a high-quality product from **Econ Healthcare Pvt Ltd**, committed to providing effective and reliable healthcare solutions.
