OM-20 TAB

Active Ingredient: Omeprazole Magnesium

General Information

OM-20 TAB contains Omeprazole Magnesium, a proton pump inhibitor (PPI) that reduces the amount of acid produced in the stomach. It is widely used to treat acid-related disorders, providing effective relief from conditions caused by excess stomach acid.

Class

Proton Pump Inhibitor (PPI)

Indications and Uses

- Gastroesophageal reflux disease (GERD)
- Peptic ulcers
- Zollinger-Ellison syndrome
- Erosive esophagitis
- Prevention of gastric ulcers caused by NSAIDs

Common and Less Common Side Effects

Common Side Effects:

- Headache
- Nausea

- Diarrhea
- Constipation
- Stomach pain

Less Common Side Effects:

- Dizziness
- Fatigue
- Rash or itching
- Vitamin B12 deficiency with prolonged use

Doses and Administration

- Take OM-20 TAB as prescribed by your doctor.
- It is usually taken once daily before a meal.
- Swallow the tablet whole with water; do not crush or chew.

Warnings and Precautions

- Prolonged use may lead to low magnesium levels or osteoporosis-related fractures.
- Inform your doctor if you have liver disease or experience persistent stomach pain.
- Avoid alcohol as it may worsen symptoms.

Drug Interactions

- May interact with blood thinners like warfarin, antifungal medications, and some antibiotics.
- Inform your doctor of all medications, including supplements, you are taking.

Contraindications

- Hypersensitivity to Omeprazole or other PPIs.
- Avoid if you have severe liver impairment without consulting your doctor.

Dos and Don'ts**Do:**

- Follow your doctor's prescription carefully.
- Maintain a balanced diet to support gastrointestinal health.

Don't:

- Do not exceed the prescribed dose.
- Avoid self-medicating for long-term use without medical advice.

Before Taking OM-20 TAB

- Inform your doctor about any allergies or medical conditions.

- Disclose if you are pregnant, breastfeeding, or planning to conceive.

Quality Assurance

OM-20 TAB is a quality product manufactured by **Econ Healthcare Pvt Ltd**, ensuring safety and efficacy for better health outcomes.
